

STARLAND COUNTY

COUNCIL MEETING, August 17th, 2022

A regular meeting of the Council of Starland County was held at the Starland County Administration Building in Morrin, Alberta on Wednesday, August 17th, 2022, commencing at 9:04 a.m.

Attendance	Present: Reeve: Steve Wannstrom Deputy Reeve: Bob Sargent Councillors: John Rew, Mark Landry, and Jackie Watts Staff: Chief Administrative Officer (CAO) Shirley Bremer Corporate Services Director (CSD) Judy Fazekas Legislative Services Director (LSD) Jason Carlson
<u>C22-194</u> Agenda Approval	<u>[C22-194] MOVED BY DEPUTY REEVE SARGENT</u> that the agenda for the August 17 th , 2022 meeting of the Council of Starland County be approved as presented with the following additions: <ul style="list-style-type: none">• Councillor Landry discussion on approaches CARRIED UNANIMOUSLY.
<u>C22-195</u> Approval of Minutes	<u>[C22-195] MOVED BY COUNCILLOR WATTS</u> that the minutes of the July 20 th , 2022 regular meeting of the Council of Starland County be approved as presented. CARRIED UNANIMOUSLY.
Accounts	Councillor Watts and Councillor Landry checked accounts with Administrative Assistant Laya Montgomery on August 17 th , 2022.
<u>C22-196</u> Accounts	<u>[C22-196] MOVED BY COUNCILLOR WATTS</u> that accounts (cheque numbers 54334 to 54429) totalling \$625,662.15 be approved for payment. CARRIED UNANIMOUSLY.
Attendance	Shirley returned to the meeting at 9:10 a.m.
Financial Statements	CSD Fazekas reviewed Starland County's financial statements for July 2022.
<u>C22-197</u> Financial Statements	<u>[C22-197] MOVED BY DEPUTY REEVE SARGENT</u> to accept the financial statements for July 2022 as presented. CARRIED UNANIMOUSLY.
CAO Report	CAO Bremer reviewed the CAO Report with Council. Highlights of the report included the following: <ul style="list-style-type: none">• Met virtually with Jane Eaket of Alberta Environment in regards to the Draft Flood Hazard Maps. The information gathered was also discussed by our MPC Committee. There were no concerns for the small area completed within Starland County's borders, however, this information should be given consideration for any future developments. We did inquire about additional flood mapping for Starland County along the river, however, it is doubtful that would warrant a study, as they tend to focus their flood mapping on

permanent communities that have experienced past flood events, have a number of affected properties, and often experience development pressure.

- LSD Carlson received an email that our EV charging station grant application was declined due to more demand than funding. Carlson noted that it was disappointing as the response to our initial expression of interest was that they were putting priorities on submissions for either rural remote areas or level 3 chargers and Starland met both of those requirements. However, in the end it appears they went on a first come first serve basis. There is another grant now available but they only cover 46% of the costs instead of 100%. If we went ahead with the current plan on the new grant we would have to carry just over \$100,000 of the project's costs.
- Lacombe Signmasters has requested permission to install all eight signs this fall and we can still pay for the four small ones in 2023. This is for logistical purposes for their installation. CAO Bremer did not see a problem with this and has given them the go-ahead.
- Jacqueline Buchanan is the new Regional Economic Development Specialist for the East Central Region. She has requested a meeting with Administration of Starland, Morrin, Munson and Delia on August 29th. She is hoping to learn more about our communities, priorities, challenges and opportunities so that they can determine what supports and services may be available. LSD Carlson, CSD Fazekas and CAO Bremer will be attending the meeting held here at our Administration Office.
- We also met with the McSweeney representatives in regards to our Robust Community Economic Development Profile. We will be discussing the information that they have requested with Council later in our meeting today.
- CAO Bremer provided an update on activities with Public Works. Bridge File 13105 is now complete and the construction crew has moved to Bridge File 74375. Roadside mowing is being completed in Divisions 3 & 5. Approximately 85 miles of the gravel program was completed with 2 weeks lost due to rain. The dust control program is now complete. Ken Menage has been working with Stantec on clearing the way for another future crush in the Morton Pit.
- Telus was contacted in regards to their use and occupation of the County's land south of the office. A considerable amount of equipment was moved in and is still occupying this land without permission. A formal consent agreement was forwarded to them for completion, and it appears they will cooperate and complete it with a couple of minor changes.
- New trees have been planted south of the office. The ASB Crew together with the PW Crew completed this landscaping and it looks great. We are also in the process of getting a survey completed that would establish the boundaries of our office/shop, parking lot, and landscaping to the South. This is for future prospects if we were ever to develop some of the railway ROW into lots for sale.
- Seed cleaning plant now has all the loan papers in order and it looks like they have met their requirements.

Tallahassee Tax
Repayment
Agreement

We have a signed agreement with Tallahassee Exploration Inc. that Reeve Wannstrom signed our copy this morning. Tallahassee has already made two payments of \$50,000 each for the June and July payments.

AlphaBow
Statement of
Claim

Statement of Claim has been sent to AlphaBow Energy Ltd. The lawyer is now waiting for their response and if there is no response by way of a Statement of Defence.

Aura's Tax
Incentive
Agreement

Brownlee sent us an update after Aura's legal counsel requested further revisions to the Agreement. Brownlee provided a summary of the changes and what those would mean for the County. Brownlee felt the revisions are low risk and in the interest of continuing to move this matter forward, has recommended the County consider accepting them.

Request for
Broadband
Funding Envelope

CAO Bremer reviewed with Council a letter of request to be sent to the Honourable Nate Horner in cooperation with other nearby Municipalities. The letter requests Provincial support in helping Rural Alberta Municipalities to work cooperatively to bring broadband solutions that can offer open-access network architecture wholesale services to support local competition on community-owned infrastructure.

Voyent Alert
Update

LSD Carlson provided an update to Council on the new Voyent Alert system that was purchased to assist the County in better connecting with citizens. The system allows any citizen in Starland County to receive alerts via text, email, phone, or pushed to their freely available app. The system will alert any subscriber to emergencies. There will also be a few topic lists users can subscribe to if of interest. Alerts can then be sent to a particular topic list, a certain area, or a combination of both allowing staff to focus messages to those who need them and minimizing unnecessary chatter. Voyent is currently working on marketing materials they will send us to assist us in helping our citizens understand and use the notification options available to them. They hope to have this done within 2 weeks. Training of staff will be taking place in the new few weeks as schedules are available. The system gives us unlimited users and notifications providing the users sign up within the County borders.

Marigold Library
System
Agreement

CAO Bremer went over changes to the Marigold Library Agreement. Rates did not change from 2021 to 2022 but they will increase \$0.11 per capita in 2023 and again in 2024.

**C22-199
Marigold
Agreement**

[C22-199] MOVED BY COUNCILLOR LANDRY

that Starland County entered into the revised agreement with Marigold Library as presented.

Official Opening
Invitation

We have received an invitation to the Official Opening of the New Delia School on September 16th, 2022 at 10:30 a.m. RSVP are to be received by September 12th, 2022.

ARMAA Annual
Conference

The Alberta Rural Municipal Administrators’ Association (ARMAA) Annual Conference will be happening August 30th – September 1st, 2022 in Grande Prairie. This event was already budgeted for but will still require a council motion to approve the attendance and expenses. CSD Fazekas and LSD Carlson are both interested in attending the conference.

Attendance

Public Works Supervisor Ken Menage entered the meeting at 10:00 a.m.

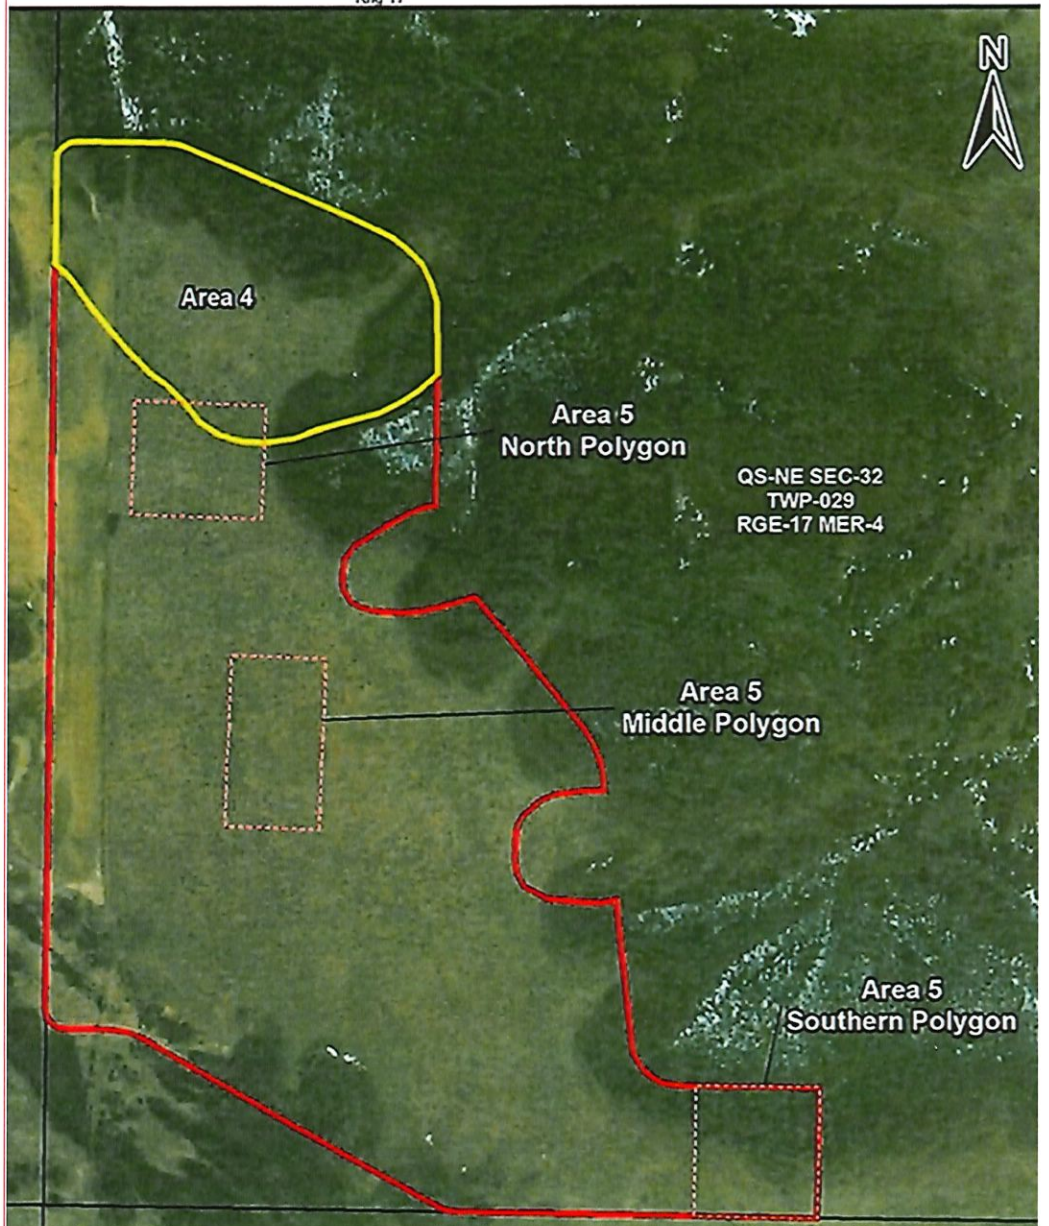

Morton Pit Update

Public Works Supervisor Ken Menage gave an update on the Morton Pit. Gravel crush has been completed and Menage provided photos to show the end results. The gravel has been removed right up to a protected area where the County will be required to have an archaeology study completed before continuing (*see Area 5 Middle Polygon in map image below*). The study is estimated to cost \$78,000.00 but there is an estimated 100,000 yd³ worth of gravel in that area

and it restricts easy access to other areas that contain more gravel. Of course it is possible, they find more artifacts and that could increase the costs to use this gravel. Menage would like the study to start now, as it takes a couple years to get everything in motion if we get the go ahead for the second crush. We have 2-3 years of gravel in reserves from this first crush so if things go well, this could be ready to go as we need more gravel.

CSD Fazekas noted that this year's projects are coming in under budget so there is currently room to move ahead with the study.

BluEarth Update

Public Works Supervisor Ken Menage provided Council with an update on the BluEarth project. Menage is concerned BluEarth is not building several roads to county specs as agreed. Some intersections are being made wider to accommodate the larger equipment being brought in, but they are encroaching on farmer's land. They will either need to remove the expansions or purchase land from farmers to allow for proper road allowances. Menage also noted that some culverts are much smaller than what was specified. There were also safety concerns with deep open areas immediately next to roads. Menage has reported these issues to them, and they've corrected some of the issues, but they assure him they will bring everything up to specs before the project is complete and the County signs off on the project. Menage noted it seemed backwards to build roads incorrectly knowing they must go back and rebuild them later. Menage will stay on top of the issues and will keep Council informed.

Attendance

Menage left the meeting at 10:49 a.m.

Economic
Development
Profile Review

LSD Carlson reviewed with Council the asset review form requested by McSweeney & Associates for the Robust Community Economic Development Profile Review they are putting together for Starland County. McSweeney had already gathered some assets to our County but not being from the area they asked us for our assistance to make sure they build us an accurate Economic Development Profile. Council provided several suggestions of assets to include in the document which will be sent back to McSweeney. McSweeney will then start the next stage of their report.

Village of Delia
Community
Information Night

CAO Bremer received an invite to attend a Delia Community Information Night on September 8th, 2022 at 7:00 p.m. with Julie Friesen as the facilitator in regards to how it would look if the Village of Delia voted to become a Hamlet within Starland County. Julie Friesen used to work for Municipal Affairs but now works as a consultant on her own. They have requested CAO Bremer and the Starland County Councillor for that region to attend.

Bylaw 1188 – Tax
Instalment
Payment Program

CSD Fazekas presented the proposed draft Tax Instalment Payment Program (TIPPs) Bylaw. The bylaw allows ratepayers to have pre-authorized monthly payments. Ratepayers cannot go on the plan if they are in arrears. If approved, administration staff will start to send out information to this payment option.

Bylaw 1189 – Dog
Control Bylaw

A draft bylaw 1189 was presented to Council for review which would repeal and replace both Bylaws 985 and 1030. The Dog Control Bylaw had not been updated since 1995 and required a few changes. Some changes were minor changes such as our municipality name and to update the referenced legislation. More noticeable changes are the fine increases to better recover the costs of enforcing the bylaws as well as to serve as better incentive for dog owners to follow the rules of the Bylaw. The new Bylaw removes references to Dog Fancier licenses and instead replaces it with a limit of 3 dogs to any property and/or owner, and any exemptions to that limit must be made by Council resolution. It was also discussed to include County Owned lands and County run campgrounds in the Bylaw; however, this is already addressed in another bylaw and it was felt it would add too much confusion. Finally, sections were removed that were already provided for in the Criminal Code of Canada (s.445) and the Animal Protection Act.

Policy 740-01
Operational Grant
- Libraries

CAO Bremer reviewed policy 740-01 which defines conditions for operation grants for libraries within Starland County. The complication with existing operational grant program is it is based on assisting with utility costs which not all libraries pay. Marigold does not provide operational funds and even though the libraries may have their utilities covered, they need some operational assistance to run their programs. It was recommended that a maximum yearly budget amount of \$3,000.00 be distributed towards the grant and that it be added to the policy.

Seasonal Sites

CAO Bremer received a letter of concern from seasonal campers at the Michichi Campground that raised a few issues. CAO Bremer went through their listed concerns along with responses from MSD Glen Riep's written responses to the concerns. A copy of Riep's letter was provided to Marg Sharpe. Council also recommended a mailing address be set up to help with communication. LSD Carlson provided Sharpe with a dedicated email address they could send their concerns to that would be seen by multiple staff.

Attendance

Marg Sharpe left the meeting at 2:59 p.m.

Financial review
P7

CSD Fazekas went through the budget report as of August 12, 2022 [P7] highlighting areas that may be of special interest.

Breathing
Apparatus Quote

Council reviewed a quote for Breathing Apparatus (BAs) equipment for use by fire departments. Calidon Equipment provided a quote of \$305,833.00 for the equipment and that included them providing an extra \$41,000.00 in value for tanks at no additional cost. Reeve Wannstrom provided feedback on the excellent quality and reliability of the brand of gear they quoted on. He also noted that the new tanks would have 45 minutes which is just slightly double our current tank capacities. Their leasing option was for 180 months at 6.49% interest with 15 annual payments of \$30,854.02. At the end of the lease, the County could purchase the equipment for \$1.00. CSD noted we had \$817,921.32 in our capital Fire Truck reserve which could be used to save the lease interest.
